- Associated to and supported by ASASI.
- The views expressed in this presentation are made on behalf and as Chairman of the APCSWG

# APCSWG

# APCSWG

- The Airlines and agencies that have supported this group over the last few years, COBHAM, National Jet, Virgin Blue QF, AIR NZ, Emirates, CASA, BASI, Defence forces Australia, Air Services Australia. NSW University, Safetywise solutions, Naef Ltd and many more.

•

**To promote the exchange of cabin safety information;**

**To share resources for the investigation of cabin safety occurrences;**

**To promote a pro-active approach to cabin safety;**

**To provide mutual assistance in the training of cabin safety investigators.**

# Cabin safety what is and is there Life behind the cockpit door ?

**If you talk to yourself, it's easy  
to convince yourself !**

- Solo flight attendant video
- The group felt that the needs of the solo flight attendant were not being addressed or understood, so in-conjunction with several small operators we produced a short video on the role and experiences of the solo flight attendant.

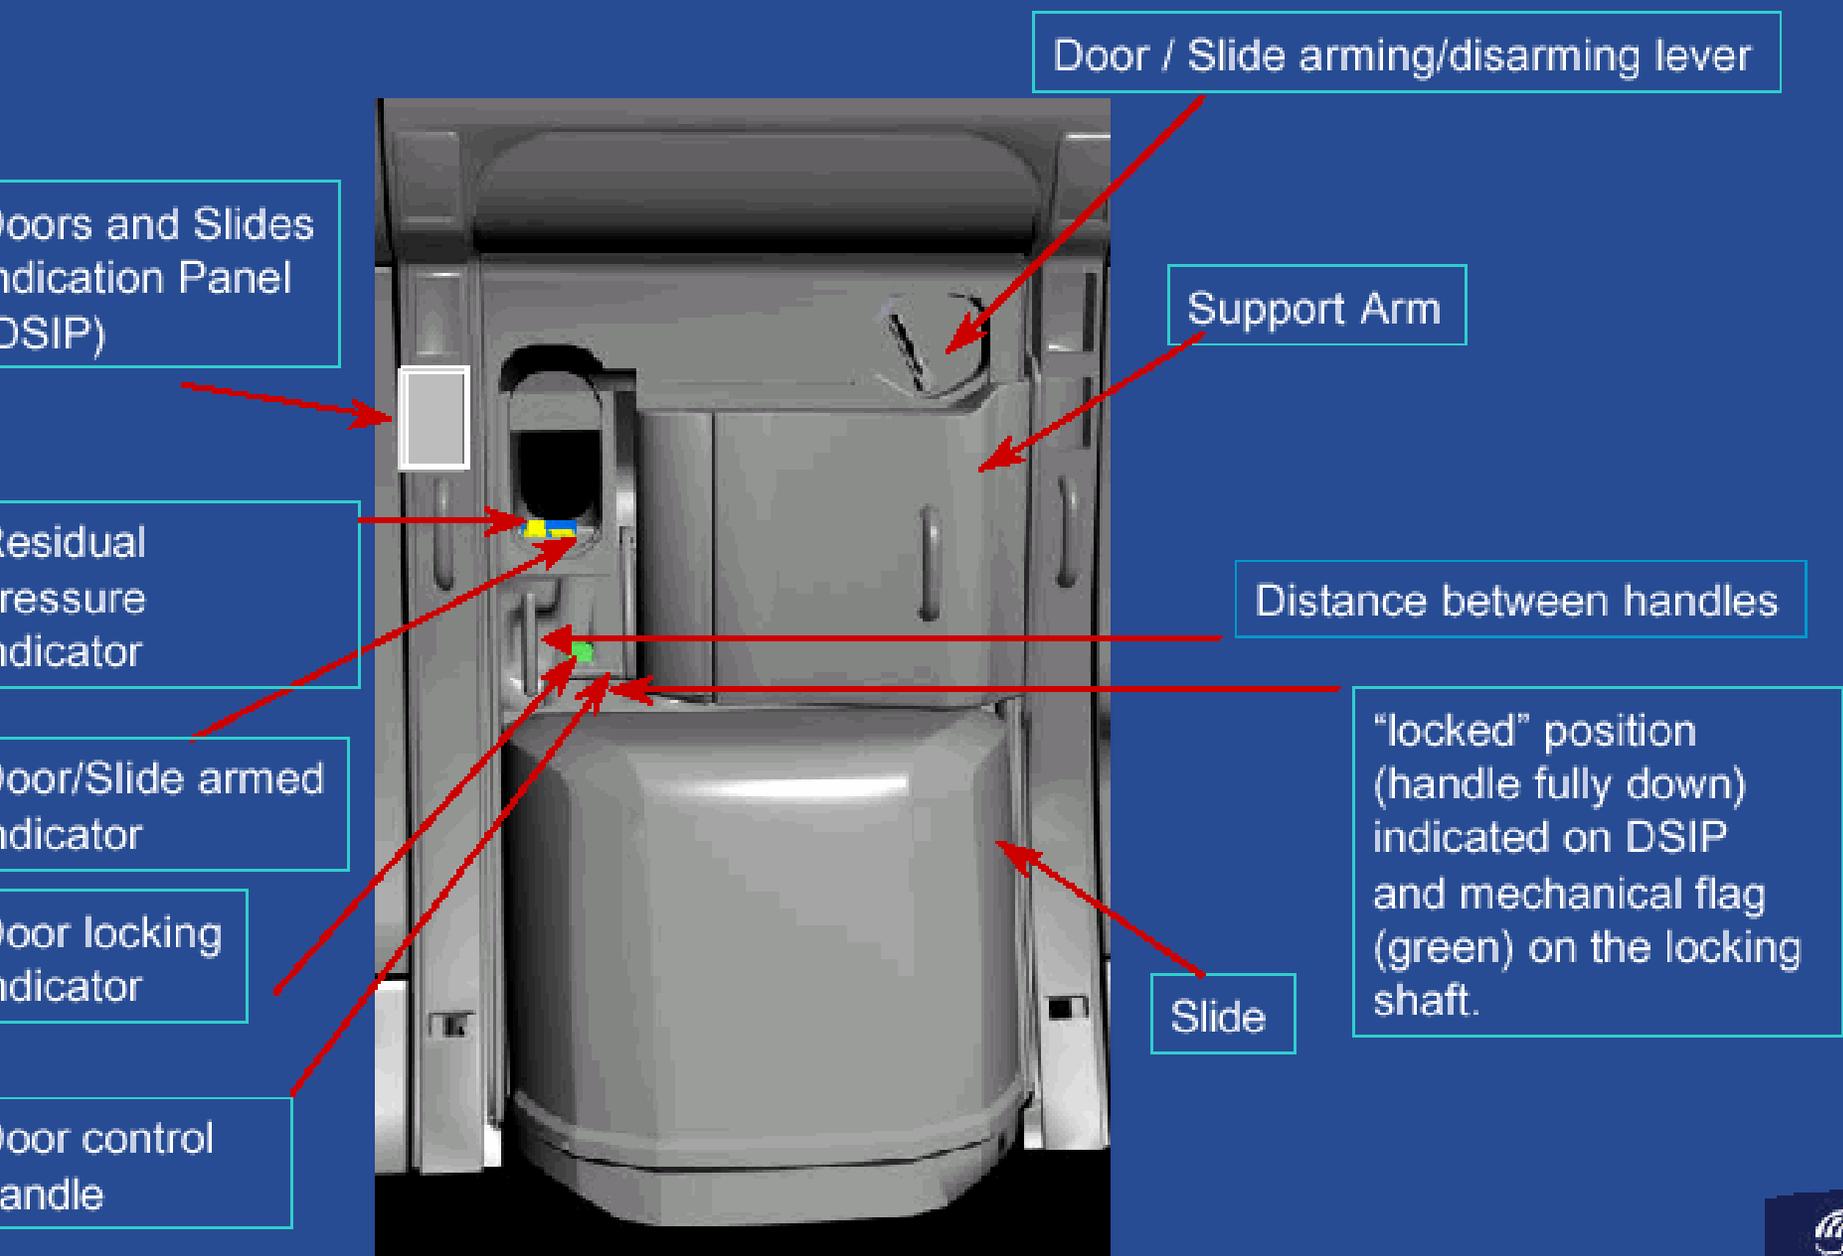

# Baseline Stair

An IATA study found that Inadvertent slide deployments costs the aviation industry 20 million dollar per year.

# Main Deck Door

# Some of the Cabin Safety Issues facing airlines today

# Recruiting and Training Crew

# First aid Standards
